CORNERSTAR METROPOLITAN DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED DECEMBER 31, 2022

Net Change in Fund Balance - Governmental Funds	\$ 572,568
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. In the statement of activities capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset. Depreciation	(1,139,321)
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transactions, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	
Bond Principal Payment Repayment of Developer Advance - Principal	1,140,000 41,554
Some revenues and expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
Amortization of Bond Discount Accrued Interest on Bonds Payable - Change in Liability	 (11,181) 4,294
Change in Net Position of Governmental Activities	\$ 607,914

NOTE 1 DEFINITION OF REPORTING ENTITY

Cornerstar Metropolitan District (the District), a quasi-municipal corporation and political subdivision of the state of Colorado, was organized by Court Order in August 25, 2006, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located entirely within the city of Aurora, Arapahoe County, Colorado. The District was established to provide financing for the design, acquisition, installation and construction of water, sanitation, streets, safety protection, park and recreation facilities, public transportation, fire protection, television relay, security and mosquito control, as limited by the Service Plan. The District also provides the funding for infrastructure improvements and the tax base needed to support ongoing operations.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization is governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 150 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes, specific ownership taxes, and city of Aurora sales taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Special Revenue Fund is used to account for revenues earned and expenditures incurred in connection with Aurora Regional Improvements.

The Debt Service Fund - Series 2017A accounts for the resources accumulated and payments made for principal, interest, and other costs related to the Series 2017A Bond.

The Debt Service Fund - Series 2017B accounts for the resources accumulated and payments made for principal, interest, and other costs related to the Series 2017B Bond.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District has amended its annual budget for the year ended December 31, 2022.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash and investments.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress and are not included in the calculation of net investment in capital assets component of the District's net position.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives:

Parks and Recreation	30 Years
Streets, Streetscape, and Storm Drainage	30 Years
System to Transport	30 Years

Deferred Inflow/Outflow of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, deferred property tax revenue, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity (Continued)

Fund Balance (Continued)

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2022, are classified in the accompanying financial statements as follows:

Statement of Net Position:	
Cash and Investments	\$ 1,262,442
Cash and Investments - Restricted	3,524,879
Total Cash and Investments	\$ 4,787,321

Cash and investments as of December 31, 2022, consist of the following:

Deposits with Financial Institutions	\$ 45,254
Investments	 4,742,067
Total Cash and Investments	\$ 4,787,321

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

As of December 31, 2022, the District's cash deposits had a bank balance and a carrying balance of \$45,254.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- Certain securities lending agreements
- . Bankers' acceptances of certain banks
- Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Investments (Continued)

As of December 31, 2022, the District had the following investments:

Investment	Maturity	Amount
Colorado Surplus Asset Fund Trust	Weighted-Average	
(CSAFE)	under 60 Days	\$ 4,742,067

<u>CSAFE</u>

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust currently offers two portfolios – CSAFE CASH FUND and CSAFE CORE.

CSAFE CASH FUND operations similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds and highest rated commercial paper, any security allowed under CRS 24-75-601.

CSAFE CORE, a variable Net Asset Value (NAV) Local Government Investment Pool, offers weekly liquidity and is managed to approximate a \$2.00 transactional share price. CSAFE CORE may invest in securities authorized by CRS 24-75-601, including U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE CASH FUND is rated AAAmmf and CSAFE CORE is rated AAAf/S1 by Fitch Ratings. CSAFE records its investments at amortized cost and the District records its investments in CSAFE using the amortized cost method. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

NOTE 4 CAPITAL ASSETS

An analysis of the changes in capital assets for the year ended December 31, 2022, follows:

	Balance at December 31, 2021	Additions	Transfers and Retirements	Balance at December 31, 2022
Capital Assets, Not Being Depreciated:				
Land	\$ 1,222,504	\$ -	\$-	\$ 1,222,504
Total Capital Assets, Not Being Depreciated	1,222,504	-	-	1,222,504
Capital Assets, Being Depreciated:				
Park and Recreation	404,674	-	-	404,674
Streets, Streetscape, and Storm Drainage	33,320,130	-	-	33,320,130
System to Transport	454,780			454,780
Total Capital Assets, Being Depreciated	34,179,584	-	-	34,179,584
Less Accumulated Depreciation for:				
Park and Recreation	125,900	13,489	-	139,389
Streets, Streetscape, and Storm Drainage	13,567,267	1,110,671	-	14,677,938
System to Transport	191,195	15,161		206,356
Total Accumulated Depreciation	13,884,362	1,139,321		15,023,683
Total Capital Assets, Being Depreciated, Net	20,295,222	(1,139,321)		19,155,901
Governmental Activities - Capital Assets	\$ 21,517,726	\$ (1,139,321)	\$-	\$ 20,378,405

Depreciation expense was charged to the public works – general government function/program of the District for the year ended December 31, 2022, in the amount of \$1,139,321.

NOTE 5 LONG-TERM OBLIGATIONS

The District's outstanding long-term obligations at December 31, 2022, were as follows:

	Balance at ecember 31, 2021	Additions		F	Reductions	Balance at ecember 31, 2022	C	Due Within)ne Year
Bonds:								
2017A General Obligation Refunding Bonds	\$ 28,420,000	\$	-	\$	1,110,000	\$ 27,310,000	\$	860,000

NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)

The detail of the District's long-term obligations is as follows:

2017A and 2017B General Obligation Refunding Bonds

On April 4, 2017 the District issued General Obligation Refunding Bonds Series 2017A and 2017B, in the respective amounts of \$32,745,000 and \$5,220,000. The proceeds from the sale of the 2017A Bonds were used to (i) prepay the District's Special Revenue Refunding Loan 2012, (ii) fund the 2017A Reserve Fund, and (iii) pay the costs of issuance. The Special Revenue Refunding Loan 2012 was paid in full on June 1, 2017. The proceeds from the sale of the 2017B bonds were used to (i) purchase the cancellation of the District's Taxable Subordinate Limited Tax Bonds, Series 2013; (ii) fund the 2017B Reserve Fund, and (iii) pay the costs of issuance. As part of the Tender and Purchase Agreement dated December 16, 2016, the bond holder of the Taxable Subordinate Limited Tax Bonds Series 2013 agreed to accept \$4,750,000 in full settlement of the bond and forgave all accrued interest.

The 2017A Bonds bear interest at rates ranging from 3.50% to 5.25%, payable semiannually on June 1 and December 1, beginning on June 1, 2017. Annual mandatory sinking fund principal payments are due on December 1. The 2017A Bonds mature on December 1, 2047.

The 2017B Bonds bear interest at 5.25% payable semi-annually on June 1 and December 1, beginning on June 1, 2017. Annual mandatory sinking fund principal payments are due on December 1, beginning December 1, 2020. The 2017B Bonds mature on December 1, 2047.

The 2017A Bonds are secured by and payable solely from 2017A Pledged Revenue, net of any costs of collection, consisting of the following:

- (a) TIF Revenues;
- (b) Property taxes derived from the 2017A Required Mill Levy;
- (c) Specific Ownership Tax revenues attributable to the 2017A Required Mill Levy;
- (d) Any other legally available moneys which the District determines, in its absolute discretion, to credit to the 2017A Bond Fund.

TIF Revenues mean the Pledged Sales Tax Revenue, and any interest earned on such Pledged Revenue as defined in the Public Finance Agreement. TIF Revenues are pledged to the 2017A Bonds but are not pledged to the 2017B Bonds. Under the Public Finance Agreement, AURA is to transfer all TIF Revenues to the District until the expiration of the TIF Term. The District is to subsequently transfer the TIF Revenues to the Trustee for application to the payment of the 2017A Bonds.

The 2017A Bonds are further secured by the 2017A Reserve Fund of \$1,285,344, and by amounts, if any, accumulated in the 2017A Surplus Fund. Excess 2017A Pledged Revenue, if any, is to be accumulated in the 2017A Surplus Fund in accordance with the 2017A Indenture up to the 2017A Maximum Surplus Amount of \$850,000.

NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)

2017A and 2017B General Obligation Refunding Bonds (Continued)

The 2017B Bonds are secured by and payable solely from 2017B Pledged Revenue, net of any costs of collection, consisting of the following:

- (a) Property taxes derived from the 2017B Required Mill Levy
- (b) Specific Ownership Tax revenues attributable to the 2017B Required Mill Levy;
- (c) Any other legally available moneys which the District determines, in its absolute discretion, to credit to the 2017B Bond Fund.

The 2017B Bonds are further secured by the 2017B Reserve Fund of \$234,638, and by amounts, if any, accumulated in the 2017B Surplus Fund. Excess 2017B Pledged Revenue, if any, is to be accumulated in the 2017B Surplus Fund in accordance with the 2017B Indenture up to the 2017B Maximum Surplus Amount of \$150,000.

Prior to the Conversion Date, 2017A Pledged Revenue that is not needed to pay debt service on the 2017A Bonds in any year will be deposited to and held in the 2017A Surplus Fund, up to the 2017A Maximum Surplus Amount. Prior to the Conversion Date, 2017B Pledged Revenue that is not needed to pay debt service on the 2017B Bonds in any year will be deposited to and held in the 2017B Surplus Fund, up to the 2017B Maximum Surplus Amount. On the Conversion Date, the 2017A Surplus Fund and the 2017B Surplus Fund will be terminated and any moneys therein may be applied to any legal purpose of the District.

The Conversion Date is the first date of which (a) the TIF Term has expired; (b) the Senior Debt to Assessed Value Ratio Test has been met; (c) no amounts of principal or interest on the 2017A Bonds are due but unpaid; and (d) no amount of principal or interest on the 2017B Bonds are due but unpaid. The Senior Debt to Assessed Value Ratio Test is met when the ratio derived by dividing the outstanding principal amount of all Senior Debt by the most recent final assessed valuation of the District Area is equal to or less than 50%. The current year Senior Debt to Assessed Ratio is calculated based on the outstanding debt at the end of the current year and the assessed valuation for the subsequent year. The Conversion Date, if it occurs, will occur simultaneously for the 2017A Bonds and the 2017B Bonds. As of December 31, 2022, the Senior Debt to Assessed Ratio is 65.72%.

	Governmental Activities										
<u>Year Ending December 31,</u>		Principal		Interest		Total					
2023	\$	860,000	\$	1,410,738	\$	2,270,738

							-					

Per the First Amendment to the Service Plan, the District is limited to issuing \$120,000,000 in debt. In addition, the maximum debt service mill levy for the District is 50.000 mills, as adjusted for changes in the ratio of actual value to assessed value of property within the District.

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

NOTE 6 NET POSITION

The District has net position consisting of three components - net investment in capital assets, restricted and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2022, the District has net investment in capital assets calculated as follows:

Net Investment in Capital Assets:	
Capital Assets, Net	\$ 20,378,405
Current Portion of Outstanding Long-Term Obligations	(721,454)
Noncurrent Portion of Outstanding Long-Term Obligations	(27,353,905)
Reserve Fund	 1,312,913
Net Investment in Capital Assets	\$ (6,384,041)

Restricted assets include net position that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2022, as follows:

Restricted Net Position:	
Emergency Reserves	\$ 17,500
Aurora Regional Improvements	1,562
Debt Service	 2,081,056
Total Restricted Net Position	\$ 2,100,118

The District has a deficit in unrestricted net position. This deficit amount is a result of the District being responsible for the repayment of bonds issued for public improvements which were conveyed to other governmental entities and which costs were removed from the District's financial records.

NOTE 7 RELATED PARTY

During 2022, the members of the Board of Directors were employed by ShopCore Properties TRS Management LLC, which is the property manager for the District and the Cornerstar Shopping Center. SITE Centers Corp. also indirectly holds a small percentage of the ownership of Cornerstar Shopping Center. Conflicts of interest in dealing with the District may exist as a result of these relationships.

NOTE 7 RELATED PARTY (CONTINUED)

On October 22, 2015, the District entered into a Property Management Agreement with DDR, Corp. that was later assigned to SITE Centers Corp. to provide management, oversight, and bidding of all maintenance contracts necessary to maintain the District Maintained Property in good condition, order, and repair. On November 19, 2020, the District entered into a Property Management Agreement with ShopCore Properties TRS Management LLC (the Manager) that replaces the prior agreement. Under the terms of this agreement, the Manager shall provide the following services: general property management, contract management, and assistance with financial matters. The District agreed to reimburse the manager for all expenses incurred in connection with the provision of services, provided that anticipated costs are approved by the District in the annual budget. The District agreed to pay the manager a management fee of 5% of the District's annual operations and maintenance budget which will be prorated and paid in 12 equal monthly installments. For the year ended December 31, 2022, the District recorded \$50,734 in maintenance and operation expense reimbursements and \$19,250 in management fees as expenditures under the agreements.

Advance and Reimbursement Agreement

On November 29, 2007, the District entered into an Advance and Reimbursement Agreement for construction, maintenance, and operation costs with the Developer. Under the terms of this agreement the Developer agreed to provide advances to the District for the purpose of funding construction, operations, and maintenance costs of the District. On August 10, 2012, the District adopted a Resolution Regarding Reimbursement of Funds Advanced for and on behalf of the District recognizing certain advances. On June 24, 2013, the District entered into a Termination, Acknowledgement and Release Agreement, where the Developer has agreed to forgive all remaining amounts due pursuant to the Reimbursement Agreement and Reimbursement Resolution, exclusive of the \$1,291,897 Regional Improvement Costs and associated interest of 8% per annum, and to terminate the Reimbursement Agreement, in return for the proceeds received by the Developer from the issuance by the District of the 2013 Bonds and other bonds previously issued. It was the intent of the Parties that upon issuance of the 2013 Bonds, the only remaining liability of the District under the Reimbursement Agreement and the Reimbursement Resolution shall be to reimburse the Developer for Regional Improvement Costs from funds available from the District's imposition of the ARI mill levy. As of December 31, 2022, the obligation under this agreement is \$834.857 plus accrued interest of \$885,492.

NOTE 8 AGREEMENTS

Aurora Regional Improvement Authority Establishment Agreement

In November 2008, the District entered into the Aurora Regional Improvement Authority No. 5 Establishment Agreement (IGA), as amended by the First Amendment to Establishment Agreement in September 2012, and as amended by the Second Amendment to Establishment Agreement in 2018, as amended by the Third Amendment to the Establishment Agreement in October 2019, between the District and other, unrelated metropolitan districts, to form the Aurora Regional Improvement Authority No. 5 (the Authority). Pursuant to the Service Plan, the District is required to impose the Aurora Regional Improvement (ARI) Mill Levy upon the taxable property within the District. This mill levy is 1.000 mill in the first year of collection of a debt service mill levy and continuing through the 20th year, which for this purpose begins the first year that the District certifies a debt service mill levy. The levy increases to 5.000 mills for year 21 through 40 or the date of repayment for the debt incurred for public improvement other than regional improvements, whichever occurs first. For the 10 years subsequent to the period where the 5.000 mills is imposed, the ARI mill levy is the average of the debt service mill levy for the previous 10 years.

As of December 31, 2022, the District has collected \$454,950, net of collection costs, under the ARI mill levy. The agreement was amended on July 24, 2008, to allow additional members to become parties to the agreements as is deemed necessary by the Authority.

On September 13, 2012 and on November 12, 2012, the District entered into a Project Committee Agreement with the members of the Authority for the purpose of exercising certain functions, services, or financing facilities and other improvements as permitted in accordance with the provisions of the Agreement. This Agreement authorized the approval of an ARI Master Plan in which the District is authorized to use revenues from its ARI Mill Levy for Regional Improvements totaling \$1,291,897, as such revenues are available.

Public Finance and Redevelopment Agreement

On November 26, 2007, the District entered into an agreement with the Aurora Urban Renewal Authority (the Authority), city of Aurora, Colorado, and PCCP CS Alberta Cornerstar Colorado, LLC for funding of the public improvements. The Authority has pledged a portion of the sales tax revenue collected within the District to the payment of the principal and interest on the bonded debt for the public improvements. The maximum amount payable under the agreement is \$17,500,000 (plus 7% interest), and the sharing agreement terminates September 30, 2023.

As of December 31, 2022, \$15,227,454 of sales and use tax has been paid to the District under this agreement.

NOTE 9 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability, and workers' compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 10 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations that apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

On November 7, 2006, District voters passed an election question to increase property taxes \$5,000,000 annually to pay the District's operational and maintenance costs, without regard to any limitations under TABOR.

NOTE 11 RESTATEMENT TO FINANCIAL STATEMENTS

The District restated the prior year's net position for amounts related to developer advance interest payable in prior years. The restatement is as follows:

Net position - December 31, 2021, as originally stated:	\$ (9,329,776)
Restatement to Developer Advance Interest Payable	815,860
Net position - December 31, 2021, as restated:	\$ (8,513,916)
